writing for harper s magazine and the new yorker over the last decade david samuels
has penned a disillusioned love song to the often amusing and sometimes fatal
american habit of self delusion reporting from a landscape peopled by salesmen
dreamers radical environmentalists suburban hip hop stars demolition experts aging
baseball legends billionaire crackpots and dog track bettors whose heartbreaking
failures and occasional successes are illuminated by flashes of anger and humor
including profiles of disillusioned pacific northwest radicals and nevada nuclear test
site workers alongside coverage of pentagon press conferences and the super bowl in
detroit only love can break your heart proves samuels to be a wonderful inheritor of
the great journalistic tradition established by gay talese tom wolfe and joan didion in
the 1960s this first collection of his painstakingly reported and wildly inventive writing
reveals the full spectrum of his talents as well as an unusual sensitivity to both the
tragic and comic dissonances bubbling up from the gap between the american promise

of endless nirvana and the lives of ordinary citizens who struggle to live out their dreams

this book focuses where assessment has greatest relevance the classroom a great deal of research related to assessment is focused on the testing industry high stakes language proficiency testing and related analytical and statistical reports that are far removed from teachers and students experiences in the classroom recently more attention has been paid to assessment in language classrooms and the many challenges that teachers face in both measuring and promoting student learning this book contributes to the body of knowledge related to teacher assessment competence and how it is manifested in the decisions they make about assessment procedures and instruments in their classes focused on specific challenges related to classroom assessment each chapter reports on particular assessment issues faced by teachers their choices regarding such issues and the consequences actual or anticipated of their decision making this book will interest the thousands of teachers globally dealing with the numerous challenges associated with effective classroom assessment in language learning this collection of teacher voices stories and investigations provides possible solutions to such challenges and will serve to promote assessment literacy in the language teaching profession
