new york times bestseller the author of the talent code unlocks the secrets of highly successful groups and provides tomorrow s leaders with the tools to build a cohesive motivated culture a truly brilliant mesmerizing read that demystifies the magic of great groups adam grant author of think again a bloomberg and library journal best book of the year where does great culture come from how do you build and sustain it in your group or strengthen a culture that needs fixing in the culture code daniel coyle goes inside some of the world s most successful

organizations including the u s navy s seal team six ideo and the san antonio spurs and reveals what makes them tick he demystifies the culture building process by identifying three key skills that generate cohesion and cooperation and explains how diverse groups learn to function with a single mind drawing on examples that range from internet retailer zappos to the comedy troupe upright citizens brigade to a daring gang of jewel thieves coyle offers specific strategies that trigger learning spark collaboration build trust and drive positive change coyle unearths helpful stories of failure that illustrate what not to do troubleshoots common pitfalls and shares advice about reforming a toxic culture combining leading edge science on the ground insights from world class leaders and practical ideas for action the culture code offers a roadmap for creating an environment where innovation flourishes problems get solved and expectations are exceeded culture is not something you are it s something you do the culture code puts the power in your hands no matter the size of your group or your goal this book can teach you the principles of cultural chemistry that transform individuals into teams that can accomplish amazing things together

the contribution of culture to organizational performance is substantial and quantifiable in the culture cycle renowned thought leader james heskett demonstrates how an effective culture can account for 20 30 of the differential in performance compared with culturally unremarkable competitors drawing on decades of field research and dozens of case studies heskett introduces a powerful conceptual framework for managing culture and shows it at work in a real world setting heskett s culture cycle identifies cause and effect relationships that are crucial to shaping effective cultures and demonstrates how to calculate culture s economic value through four rs referrals retention returns to labor and relationships this book explains how culture evolves can be shaped and sustained and serve as the organization s internal brand shows how culture can promote innovation and survival in tough times guides leaders in linking culture to strategy and managing forces that challenge it shows how to credibly quantify culture s impact on performance productivity and profits clarifies culture s unique role in mission driven organizations a follow up to the classic corporate culture and performance authored by heskett and john kotter this is the next indispensable book on organizational culture heskett emer harvard business school provides an exhaustive examination of corporate policies practices and behaviors in organizations summing up recommended reprinted with permission from choice copyright by the american library association

culture is unquestionably a central topic in the contemporary social sciences in order to understand how people think feel value act and express themselves it is necessary to examine the cultures they create and are in turn created by here david inglis shows how the study of culture can be transformed by focusing in on how cultural forces shape influence structure and occasionally disrupt the day to day activities of individuals reconsidering different views on culture what it is how it operates and how it relates to other aspects of the human and non human world this new book covers key areas such as high culture versus popular culture modern and postmodern culture globalization and culture culture and nature specific issues covered range from the everyday aspects of sportive play artistic production and the mass media to car culture and global cuisine and students are introduced to some of the major thinkers on culture from matthew arnold to bakhtin and bourdieu written in a concise student friendly manner theoretical arguments are illustrated with examples from film architecture and daily life making this an informative and indispensable introduction for those wishing to

understand the complexities of culture

this book compiles and integrates highly innovative work aimed at bridging the fields of anthropology and consumer behavior journal of consumer affairs fascinating ambitious and interesting canadian advertising foundation newsletter an anthropological dig into consumerism brimming with original thought the globe and mail grant mccracken has written a provocative book that puts consumerism in its place in western society at the centre report on business magazine a stimulating addition to knowledge and theory about the interrelationship of culture and consumption choice mccracken s synthesis of anthropological and consumer studies material will give historians new ideas and methods to integrate into their thinking maryland historian the book offers a fresh and much needed cultural interpretation of consumption journal of consumer policy the volume will help balance the prevailing cognitive and social psychological cast of consumer research and should stimulate more comprehensive investigation into consumer behavior journal of marketing research broad scope enthusiasm and imagination a significant contribution to the literature on consumption history consumer behavior and american material culture winterhur portfolio for this is a superb book a definitive exploration of its subject that makes use of the full range of available literature american journal of sociology mccracken s book is a fine synthesis of a new current of thought that strives to create an interdisciplinary social science of consumption behaviors a current to which folklorists have much to contribute journal of american folklore this provocative book takes a refreshing new view of the culture of consumption mccracken examines the interplay of culture and consumer behavior from the anthropologist s point of view and provides new insights into the way we view ourselves and our society

over the last half of the twentieth century culture moved to the foreground of political and intellectual life suddenly everyone discovered that culture had been mass produced like ford s cars the masses had culture and culture had a mass culture was everywhere no longer the property of the cultured or the cultivated radical social movements around the globe invented a politics of culture culture in the age of three worlds is a reflection on this cultural turn which was a fundamental aspect of the age of three worlds that short half century between 1945 and 1989 when it was imagined that the world was divided into three the capitalist first world the communist second world and the decolonizing third world recasting the legacies of british cultural studies and the radical traditions of the american studies movement in a global context michael denning explores the political and intellectual battles over the meanings of culture addresses the rise of a distinctive american ideology and charts the lineaments of the global cultures that emerged as three worlds gave way to one

provides all essential practical information for establishing a laboratory animal cell culture comprehensive glossary of terms

it covers a wide range of topics dealing with the complex relationship between people and the environment

culture is a term we commonly use to explain the differences in our ways of living in this book michael a elliot returns to the moment this usage was first articulated tracing the concept of culture to the writings folktales dialect literature local color sketches and ethnographies that provided its intellectual underpinnings in turn of the century america the culture concept explains how this now familiar definition of culture emerged during the late nineteenth century through

the intersection of two separate endeavors that shared a commitment to recording group based difference american literary realism and scientific ethnography elliot looks at early works of cultural studies as diverse as the conjure tales of charles chesnutt the ghost dance ethnography of james mooney and the prose narrative of the omaha anthropologist turned author francis la flesche his reading of these works which struggle to find appropriate theoretical and textual tools for articulating a less chauvinistic understanding of human difference is at once a recovery of a lost connection between american literary realism and ethnography and a productive inquiry into the usefulness of the culture concept as a critical tool in our time and times to come

this book presents a comparative ethnographic understanding of government and low fee private schools in india within the context of ever increasing privatization and commercialization of education and the growing presence of non state actors drawing on rich empirical data the book provides an ethnographic account of a government and a low fee private school in hyderabad india and explores life in these two distinct spaces through the lens of culture while private schools catering to the poorer sections have been proliferating little is known about how these low fee private schools operate how choices and negotiations unfold the classroom discourses subjective meanings of different stakeholders and the kind of education provided in these schools vis à vis the government schools the book focuses on the educational experiences schooling choices processes and voices of the children and teachers at these schools to reflect on how school culture influences the quality of education based on intensive fieldwork and qualitative data the book provides contextual insights into what exactly happens inside the schools and classrooms of two contrasting schooling provisions in india and helps understand the world views of different stakeholders as they negotiate their daily lives the book will be of interest to students researchers and teachers of education sociology of education childhood studies urban education and teacher education it will also be useful for education policymakers educationists education professionals and those working on private schooling in india

rather than seeing culture as a society s expression of its fine arts and humanities culture is everything shows the centrality of culture within every group of people culture is the defining paradigm through which we interpret the world around us and share common goals with others this book follows the universal layers of culture from each group s facades and superstructures down through its principles and assumptions and ending with its foundational rules and root culture this root is the shared spirit that animates the life and purpose of each group and that each group seeks to guard and protect readers of culture is everything will find a decoding of cultural stories and rhythms throughout all spheres of life including business education politics and even entire nations they will see both the big picture of culture and find practical advice and questions for understanding and thriving within the cultures that surround them in their everyday lives

what are the qualities and properties that make something cultural what does claiming something as cultural allow us to do culture offers students a workable understanding of the category culture and explores how the realm of the cultural can be practically explored as a way of understanding the world ben highmore provides a clear and robust defence of the productivity of cultural analysis in a media saturated world while also instilling a sense of modesty in qualifying what can and can t be accomplished in the name of cultural analysis with extensive examples and case studies throughout the book demonstrates both the productivity and the limitations in orientating analysis to the cultural

a thought provoking and engaging examination culture is an ideal introductory text for students of media and cultural studies

this book updated throughout and with new sections on visual culture urban culture and subcultures argues that to understand the culture concept we need to locate it within traditions of thought and appreciate its political and ideological bases

the word culture in recent years has been widely and erroneously employed in political educational and journalistic contexts in helping to define a word so greatly misused t s eliot contradicts many of our popular assumptions about culture reminding us that it is not the possession of a class but of a whole society and yet its preservation may depend on the continuance of a class system and that a classless society may be a society in which culture has ceased to exist surveying the contemporary scene mr eliot points out that our standards of culture are lower than they were fifty years ago finds evidence of this decay in every department of human activity and sees no reason why the decay of culture should not proceed much further he suggests that culture and religion have a common root and that if one decays the other may die too he reminds us that the russians have been the first modern people to practise the political direction of culture consciously and to attack at every point the culture of any people whom they wish to dominate the appendix includes his broadcasts to europe ending with a plea to preserve the legacy of greece rome and israel and europe s legacy throughout the last 2 000 years behind the urbanity the modesty the mere good manners of mr eliot s exposition one cannot mistake the force and significance of what he has to say or ignore that it constitutes a fundamental attack on most of our assumptions on the subject the london spectator provided by publisher

led by amartya sen mary douglas and arjun appadurai the distinguished anthropologists and economists in this book forcefully argue that culture is central to development and present a framework for incorporating culture into development discourse for further information on the book and related essays please visit cultureandpublication.org

a single source reference on the biology of algae the third edition of algae anatomy biochemistry and biotechnology examines the most important taxa and structures for freshwater marine and terrestrial forms of algae its comprehensive coverage goes from algae s historical role through its taxonomy and ecology to its natural product possibilities in this update the authors have gathered a significant amount of new material including more information on macroalgae detailed description of biotic associations updated description of biomass cultivation systems coverage of different omic approaches and tools used in algal investigation an expanded and updated algae utilization chapter the book s unifying theme is the important role of algae in the earth s self regulating life support system and its function within restorative models of planetary health it also discusses algae s biotechnological applications including potential nutritional and pharmaceutical products written for students as well as researchers teachers and professionals in the field of phycology and applied phycology this new full color edition is both illuminating and inspiring

this volume of one of the most comprehensive in the field its three themes are critical for the study of culture and globalization with its condensation of space time and memory exploring the intersection between these three processes the essays are learned deeply researched and insightful and the comparative range is impressive the volume is certain to become a standard reference text for scholars and the general reader

alike professor stuart hall emeritus professor of sociology the open university heritage memory and identity are closely connected keywords of our time each endowed with considerable rhetorical power different human groups define certain objects and practices as heritage they envision heritage to reflect some form of collective memory either lived or imagined and they combine both to construct cultural identities today the three terms raise conjoined issues of practice policy and politics in an increasingly globalized world bringing together a truly global range of scholars this volume explores heritage memory and identity through a diverse set of subjects including heritage sites practices of memorialization museums sites of contestation and human rights
